

MODEL QUESTION PAPER
Visual Programming - SET I

(Maximum marks: 75)

(Time: 3 hours)

PART A**I. Answer all questions in one word or one sentence. Each question carries one mark.****(9 x 1 = 9 marks)**

1	Define Visual Programming	M 1.01	R
2	Define variable with an example	M 1.06	R
3	Give the syntax of For - Next Statement	M 2.04	U
4	What is an array?	M 2.06	U
5	Define Combo Box	M 3.03	U
6	What is meant by Event Driven Programming	M 3.05	U
7	List any two advantages of crystal report	M 3.14	R
8	Define Connection Object	M 4.02	U
9	List any two ASP .NET Controls	M 4.07	U

PART B**II Answer any eight questions from the following. Each question carries 3 marks****(8 x 3 = 24marks)**

1	Explain the working of CLR	M 1.04	R
2	Explain data types and declaration	M 1.06	R
3	Explain about constants	M 1.06	U
4	Write a program to read elements into a matrix.	M 2.07	U
5	Illustrate If - Then - Else Statement with a program	M 2.01	R
6	Explain Exception Handling	M 3.07	R
7	Explain Menu creation	M 3.04	U
8	What are the important Keyboard Events?	M 3.06	R
9	Define Data Adapter and Data Set	M 4.03	U
10	How to design Web Pages using ASP.NET?	M 4.06	U

PART C**Answer all questions. Each question carries seven marks****(6x7=42 marks)**

III	Explain .NET Framework architecture. OR	M 1.03	R
IV	Explain arithmetic, relational and logical operators.	M 1.07	R
V	Explain Select Case Statement with an example OR	M 2.02	R

VI	Write a program for addition of two matrices	M 2.07	U
VII	Explain data provider in ADO.NET with a diagram OR	M4.03	R
VIII	Explain about ASP.NET	M4.05	R
IX	Describe the procedure of creating Window Forms and form attributes OR	M3.01	R
X	Define Report Header and Report Footer, Page Header and Page Footer, Group Header and Group Footer	M3.10	R
XI	Define TextBox, ListBox, CheckBox and RadioButton OR	M3.03	U
XII	Define Database Fields, special fields, summary fields, lines and boxes	M3.09	U
XIII	Explain ADO.NET architecture with a diagram OR	M4.01	R
XIV	Explain Various controls in ASP.NET	M4.06	A

MODEL QUESTION PAPER
VISUAL PROGRAMMING - SET II

(Maximum marks: 75)

(Time: 3 hours)

PART A**I. Answer all questions in one word or one sentence. Each question carries one mark.****(9 x 1 = 9 marks)**

1	What is .NET Framework	M 1.03	R
2	Define constants with an example	M 1.06	R
3	What is the use of break statement	M 2.05	U
4	What is an object array?	M 2.08	U
5	Define List Box	M 3.03	U
6	What is the use of try-catch statements?	M 3.07	U
7	Write any two uses of timer	M 3.04	R
8	Define Command Object	M 4.02	U
9	List any two ASP .NET Controls	M 4.07	U

PART B**II Answer any eight questions from the following. Each question carries 3 marks****(8 x 3 = 24marks)**

1	List advantages and disadvantages of visual programming	M 1.02	R
2	Compare .NET Languages VB, C#	M 1.05	R
3	Describe expressions and operator precedence	M 1.08	U
4	Explain For - Next Statement with an example	M 2.04	U
5	Write a program to find total marks obtained in 7 subjects	M 2.07	U
6	Explain exit and continue statements	M 2.05	U
7	Describe the procedure of creating Window Forms.	M 3.01	U
8	Define event driven programming and explain Mouse Events	M 3.06	R
9	Explain the need of Data Adapter and dataset in ADO.NET	M 4.03	U
10	What are the advantages of ASP.NET	M 4.04	U

PART C**Answer all questions. Each question carries seven marks****(6x7=42 marks)**

III	Explain .NET Framework architecture.	M	R
	OR	1.03	
IV	Explain arithmetic, relational and logical operators.	M	R
		1.07	

V	Write on ADO.NET and explain the need of Data provider and dataset	M 4.03	U
VI	OR Write any four server controls used in ASP.NET	M 4.07	R
VII	Write a program to find factorial of a number	M2.0 3	R
VII I	OR Explain select case statement with a program	M2.0 2	
IX	Describe the various controls used for designing registration form application	M3.0 3	U
X	OR Explain crystal report and define Report Header and Report Footer, Page Header and Page Footer, Group Header and Group Footer	M3.1 0	U
XI	Explain menu creation with program.	M 3.04	U
XII	OR Explain Exception handling	M3.0 7	U
XII I	Explain ADO.NET architecture	M4.0 1	U
XI V	OR Explain about ASP.NET	M4.0 5	A
