

Program : Diploma in Architecture	
Course Code : 3183	Course Title: Architectural drawing -I
Semester : 3	Credits: 1.5
Course Category: Program Core	
Periods per week: 3 (L: 0 T: 0 P: 3)	Periods per semester: 45

Course Objectives:

- To provide knowledge in developing design of single storeyed buildings incorporating building rules and regulations.
- To acquire skill in preparing presentation drawings.

Course Prerequisites:

Topic	Course code	Course name	Semester
Orthographic projection		Eng: graphics	1 & 2
Rendering and colouring		Basic Architectural drawing	2

Course Outcomes:

On completion of the course, the student will be able to:

CO _n	Description	Duration (Hours)	Cognitive Level
CO1	Develop plan, elevation and section from line sketch of single roomed buildings having flat roof and sloped roof	6	Applying
CO2	Summarize data related to spatial and functional planning incorporating building rules and regulations	6	Understanding
CO3	Develop single storied buildings and draw plan, elevation and section.	17	Applying
CO4	Develop presentation drawings of the designed building	11	Applying
	Series Test	5	

CO – PO Mapping:

Course Outcomes	PO1	PO2	PO3	PO4	PO5	PO6	PO7
CO1	3				2		
CO2	3	2					
CO3	3		2		3		
CO4	3			2		3	

3-Strongly mapped, 2-Moderately mapped, 1-Weakly mapped

Course Outline:

Module Outcomes	Description	Duration (Hours)	Cognitive Level
CO1	Develop plan, elevation and section from line sketch of single roomed buildings having flat roof and sloped roof		
M1.01	Prepare plan from a single line sketch of single roomed buildings having flat roof/ sloped roof	3	Applying
M1.02	Develop elevation and section from the prepared plan	3	Applying
CO2	Summarize data related to spatial and functional planning incorporating building rules and regulations		
M2.01	Collect data from standards like time savers standards and KMBR	3	Understanding
M2.02	Conduct case studies to understand various aspects of design and construction	3	Understanding
	Series Test I	2	
CO3	Design single storied buildings and develop plan, elevation and section.		
M3.01	Summarize data collected and prepare sketch scheme	2	Applying
M3.02	Design single roomed single storied buildings like watch man cabin, book stall, milk booth, flower shop and develop plan, elevation and section.	5	Applying
M3.02	Design single storied buildings like tourist information center, cafeteria, crèche, weekend cottage and develop plan, elevation and section.	5	Applying
M3.03	Design single storied residential building and develop plan, elevation and section.	5	Applying
CO4	Develop presentation drawings of the designed building		
M4.01	Practice rendering techniques for plan, elevation and section in presentation drawings	5	Applying
M4.02	Develop presentation drawings of the designed residential building-medium	6	Applying
	Series Test - II	3
