

Program : Diploma in Architecture	
Course Code : 4185	Course Title: Architectural Drawing II
Semester : 4	Credits: 1.5
Course Category: Program Core	
Periods per week: 3 (L: 0, T: 0, P: 3)	Periods per semester: 45

Course Objectives:

- To provide knowledge in developing design of single and double storied buildings incorporating building rules and regulations.

Course Pre-requisites:

Topic	Course code	Course name	Semester
Spatial and functional planning		Architectural drawing - I	3

Course Outcomes:

On completion of the course, the student will be able to:

CO _n	Description	Duration (Hours)	Cognitive level
CO1	Summarize data related to spatial and functional planning of single and double storied buildings	6	Understanding
CO2	Sketch spatial and functional planning of single storied and double storied buildings incorporating flat and sloped roof styles	14	Applying
CO3	Develop detailed architectural drawings from the plan	14	Applying
CO4	Develop perspective drawings	7	Applying
	Series Test	4	

CO-PO Mapping:

Course Outcomes	PO1	PO2	PO3	PO4	PO5	PO6	PO7
CO1	3				2	2	
CO2	3	2					
CO3	3		2			2	
CO4	3					2	

3-Strongly mapped, 2-Moderately mapped, 1-Weakly mapped

Course Outline:

Module Outcome	Description	Duration (Hours)	Cognitive Level
CO1	Summarize data related to spatial and functional planning of single and double storied buildings		
M1.01	Understand the Problem Discuss the Problem	1	Understanding
M1.02	Refer standards specified in KMBR and NBC incorporate them in design – Literature study	2	Understanding
M1.03	Conduct case studies	3	Understanding
CO2	Sketch spatial and functional planning of single storied and double storied buildings incorporating flat and sloped roof styles		
M2.01	Develop preliminary plan of single storied buildings- Day care center/ Health centre /Cafeteria/Architect's Office	4	Applying
M2.02	Develop preliminary plan of double storied buildings- Residence/Community hall/ Recreational club (300 sq. m)	6	Applying
M2.03	Develop the form of the building from the plan incorporating roof structure (flat/pitched/combination roofs)	4	Applying
CO3	Develop detailed architectural drawings from the plan		
M3.01	Develop plan, elevation, section, site and service plan from preliminary plan of single storied buildings.	6	Applying
M3.02	Develop plan, elevation and sectional drawings from preliminary plan of double storied buildings	9	Applying
CO4	Develop perspective drawings		
M4.01	Construct two-point perspective views of the buildings	3	Applying
M4.02	Apply colour and other rendering techniques in the above prepared drawings	4	Applying
	Series Test	4
