### Course Objectives:

- To provide hands on experience in computerized accounting with the help of an accounting software package - Tally.
- To be able to make orders, billings with GST, and understand TDS. The course is designed to enhance the accounting skills of students using computers.

### Course Prerequisites:

| Topic          | Course code | Course name                 | Semester |
|----------------|-------------|-----------------------------|----------|
| Entire subject |             | Basic Accounting            | 1        |
| Entire subject |             | Computerized Accounting - I | 1        |

### Course Outcomes:

On completion of the course, students will be able to:

| CO n | Description                                                                                                 | Duration (Hours) | Cognitive Level |
|------|-------------------------------------------------------------------------------------------------------------|------------------|-----------------|
| CO1  | Implement the creation of stock groups and stock items, setting up of cost centers and creation of godowns. | 9                | Applying        |
| CO2  | Develop knowledge in GST                                                                                    | 9                | Applying        |
| CO3  | Implement calculations with order processing and stock reports                                              | 9                | Applying        |
| CO4  | Demonstrate the preparation of TDS                                                                          | 15               | Applying        |
|      | Lab Exam                                                                                                    | 3                |                 |

**CO – PO Mapping:**

| Course Outcomes | PO1 | PO2 | PO3 | PO4 | PO5 | PO6 | PO7 |
|-----------------|-----|-----|-----|-----|-----|-----|-----|
| CO1             | 3   | 2   |     |     |     |     |     |
| CO2             | 3   | 2   |     |     |     |     |     |
| CO3             | 3   | 2   |     |     |     |     |     |
| CO4             | 3   | 2   |     |     |     |     |     |

3-Strongly mapped, 2-Moderately mapped, 1-Weakly mapped

**Course Outline:**

| Module Outcomes | Description                                                                                                       | Duration (Hours) | Cognitive Level |
|-----------------|-------------------------------------------------------------------------------------------------------------------|------------------|-----------------|
| <b>CO1</b>      | <b>Implement the creation of stock groups and stock items, setting up of cost centers and creation of godowns</b> |                  |                 |
| M1.01           | Creation of Stock categories and stock groups                                                                     | 2                | Applying        |
| M1.02           | Creation of Stock items and Units of measure                                                                      | 2                | Applying        |
| M1.03           | Practice setting up of cost centres.                                                                              | 3                | Applying        |
| M1.04           | Practice creation of godowns.                                                                                     | 2                | Applying        |
| <b>CO2</b>      | <b>Develop knowledge in GST</b>                                                                                   |                  |                 |
| M2.01           | Understand GST                                                                                                    | 2                | Applying        |
| M2.02           | Configuring GST features                                                                                          | 2                | Applying        |
| M2.03           | Creating Masters, entering transactions                                                                           | 2                | Applying        |
| M2.04           | GST reports & GST filing                                                                                          | 3                | Applying        |
|                 | Lab Exam - I                                                                                                      | 1 ½              |                 |
| :               |                                                                                                                   |                  |                 |
| <b>CO3</b>      | <b>Implement calculations with order processing and stock reports</b>                                             |                  |                 |
| M3.01           | Create Purchase order                                                                                             | 3                | Applying        |
| M3.02           | Creation of sales order                                                                                           | 3                | Applying        |
| M3.03           | Preparation of stock reports                                                                                      | 3                | Applying        |
| <b>CO4</b>      | <b>Demonstrate the preparation of TDS</b>                                                                         |                  |                 |
| M4.01           | Basic concept of TDS                                                                                              | 2                | Applying        |

|       |                         |     |          |
|-------|-------------------------|-----|----------|
| M4.02 | TDS in TALLY            | 2   | Applying |
| M4.03 | Creation of Masters     | 2   | Applying |
| M4.04 | Processing transactions | 3   | Applying |
| M4.05 | TDS reports             | 3   | Applying |
| M4.06 | Open ended experiments  | 3   | Applying |
|       | Lab Exam - II           | 1 ½ |          |
