

Program : Diploma in Printing Technology	
Course Code : 4108	Course Title: Advanced Printing Machine Workshop-II
Semester : 4	Credits: 1.5
Course Category: Program Core	
Periods per week: 3 (L:0, T:0, P:3)	Periods per semester: 45

Course Objectives:

- To provide knowledge in printing machine parts, principles, operating procedures, materials used , and demonstrate multi color printing using single color sheet fed offset machine.

Course Prerequisites:

Topic	Course code	Course name	Semester
Principles, Working and Types of offset printing machines.		Printing Machine I	3
Printing Machine Parts and Operating Procedure.		Printing Machine Workshop I	3

Course Outcomes:

On completion of the course, the student will be able to:

COn	Description	Duration (Hours)	Cognitive Level
CO1	To work with process color printing.	3	Applying
CO2	To demonstrate sheet reversal method while printing on both side of paper.	13	Applying
CO3	To demonstrate two color printing using single color offset machine.	25	Applying
	Lab Exam	4	

CO – PO Mapping:

Course Outcomes	PO1	PO2	PO3	PO4	PO5	PO6	PO7
CO1	3						
CO2	3						
CO3	3						

3-Strongly mapped, 2-Moderately mapped, 1-Weakly mapped

Course Outline:

Module Outcomes	Description	Duration (Hours)	Cognitive level
CO1	To work with process color printing.		
M1.01	Familiarize with color sequence and ink trapping.	3	Applying
CO2	To demonstrate sheet reversal method while printing on both side of paper.		
M2.01	To demonstrate half sheet work using work and turn.	4	Applying
M2.02	To demonstrate half sheet work using work and tumble.	3	Applying
M2.03	To demonstrate sheet work using work and turn.	3	Applying
M2.04	To demonstrate sheet work using work and tumble.	3	Applying
	Lab Exam I	2	
CO3	To demonstrate multicolor color printing using single color offset machine.		
M3.01	Demonstrate ink trapping on paper using various combinations of ink (different color combination).	3	Applying
M3.02	Demonstrate producing different colors by subtractive color theory on paper.	9	Applying
M3.03	Demonstrate printing multi color work using single color offset machine.	13	Applying
	Lab Exam II	2
