

Program : Diploma in Printing Technology	
Course Code : 5102	Course Title: Print Marketing Management.
Semester : 5	Credits: 4
Course Category: Program Core	
Periods per week: 4 (L:3, T:1, P:0)	Periods per semester: 60

Course Objectives:

- To provide information about the concept of quality, and quality management.
- To provide information about a scientific system of costing and estimation.
- To provide information about marketing strategies to promote the product.
- To provide information about the laws governing firms.

Course Prerequisites:

Topic	Course code	Course Title	Semester
Properties of material for printing and packaging		Materials for Printing and Packaging	3
Working mechanism of conventional printing techniques.		Mechanism of Printing Machines – I, II	3 & 4
Digital imaging		Digital imaging Techniques	4

Course Outcomes:

On completion of the course, the student will be able to:

CO _n	Description	Duration (Hours)	Cognitive Level
CO1	Describe quality concept.	15	Understanding
CO2	Perform Costing and estimation.	14	Applying
CO3	Assess Marketing strategies and Trends in marketing.	15	Understanding
CO4	Explain planning for print production and acts related to printing industry.	14	Understanding
	Series Test	2	

CO-PO Mapping:

Course Outcomes	PO1	PO2	PO3	PO4	PO5	PO6	PO7
CO1	2						
CO2	3					3	
CO3	2						
CO4	2						

3-Strongly mapped, 2-Moderately mapped, 1-Weakly mapped

Course Outline:

Module Outcomes	Description	Duration (Hours)	Cognitive level
CO1	Describe quality concept.		
M1.01	Quality-Definition	5	Understanding
M1.02	Concept of quality management	5	Understanding
M1.03	Quality management Techniques	5	Understanding
Contents: Customer- defined Quality management-concept. Quality: definition, element. Quality: ISO definition. Standardization - ISO definition. Need of quality control. Advantages of quality control/standardization. Quality assessment methods - subjective (visual), objective, measured. How a customer determine the quality. Customer satisfaction. Factors of influence and specifications determining the quality of the offset print. Industry standards for quality - introduction to ISO (12647 - series, 2846 - series, 13655, 15930 - series, 12640 - series, 12642 & 166614 - introduction only, 19306, 16621 & 12636, 16620 & 12218. Quality/process standardization methods & techniques: Optimization. Lean printing - Lean manufacturing concept, definition, Advantages. Lean printing definition. Lean goals. 7 types of wastes in Lean. Lean tools – 5s, standardized work instructions, value stream mapping, Total proactive maintenance, Kaizen events, Just in time management, 5 whys, etc. Six Sigma - Six Sigma concept, definition, advantages. Six Sigma team. DMAIC & DMADV process (in detail). Practical case study of Lean printing and Six Sigma. Total Quality management (TQM). Application of Lean, Six sigma, TQM etc.			
CO2	Perform Costing and estimation.		
M2.01	Estimation and Costing Definition.	3	Understanding
M2.02	Cost classification.	3	Understanding
M2.03	Role of estimator.	2	Understanding
M2.04	Estimation-problems.	6	Applying
	Series Test I	1	

Contents:

Estimating And Costing-Definition, Advantages. Elements of cost-Material cost, Labor cost, Expenses. Nature of cost-Fixed, variable and semi variable. Components of cost-Prime cost, Overhead cost, Total Cost. Development of cost. Breakeven Chart. Estimation-Definition, Advantages. Difference between costing and estimating. Qualification and qualities of an Estimator. Estimation of paper- selection of paper, allowance for wastage, allowance for trimming, weight of loose sheets, weight of reel of paper. Estimation of ink-Ink consumption formula, ink allowance for spoilage. Estimating of binding material-board requirement, Estimating of covering materials, Estimating of sewing thread, Estimating of stitching wire, Estimation of adhesives.

CO3	Assess Marketing strategies and Trends in marketing.		
M3.01	Marketing Planning and Strategies.	3	Understanding
M3.02	Market segmentation.	3	Understanding
M3.03	Consumer Behavior.	3	Understanding
M3.04	Services Marketing.	3	Understanding
M3.05	Recent Trends in Marketing.	3	Understanding

Contents:

Marketing Planning and Strategies: Introduction, Management Processes in Marketing, Types of Marketing Plan, Competitive Marketing Strategies, Interactions between Marketing Mix and Marketing Environment, Control Mechanisms in Marketing. Market Segmentation: Introduction, Definition of market segmentation, Need for market segmentation, Criteria for effective segmentation, Bases for market segmentation, Benefits of market segmentation. Consumer Behavior: Introduction, Important definitions, Evolution of the study of consumer behavior, Determinants of consumer behavior, Types of buying decisions, Stages of the buying process, Importance of consumer behavior study. Product Related Decisions: Introduction, Features of a Product and its Classifications, Product Plan and New Product Development, Product Mix and its Elements, Decisions related to Product Mix, Product Life Cycle. Introduction to Branding: Introduction, Definition of a Brand, Development of a Brand, Types of Brands, Importance of Brands and Branding, Merits and Demerits of Branding, Brand Equity – Definition and Benefits. Pricing Decisions: Introduction, Price and its Determinants, Objectives of Pricing Decisions, Factors Affecting Pricing Decisions, Pricing Policies and Strategies, Pricing Methods. Services Marketing: Introduction, Definition of services, Characteristics of services, Distinction between goods and services, Marketing mix for services, Types of services, Strategies for Services Marketing. Recent Trends in Marketing: Introduction, E-commerce, E-marketing, E-Retailing, Relationship marketing, Mobile marketing, Green marketing.

CO4	Explain planning for print production and acts related to printing industry.		
M4.01	Planning for print production.	5	Understanding
M4.02	Press layouts.	4	Understanding
M4.03	Acts related to Printing Industry.	5	Understanding
	Series Test II	1	

Contents:

Planning for print production: Production system administration. Work initiation procedures. Planning Consideration - Materials purchasing and inventory control, Material Management, Production Scheduling, Production Control, Quality Control. Press layouts- layout criteria, prepress, press and post press. Role Of Supervisor And Manager in Effective management. Management Workflow- Responsibilities of supervisor and manager, managerial roles- Interpersonal relationship skill, Communication skill, Large Scale Printing Industry: Structure of large scale printing organization, roles and responsibilities of various departments i.e. sales, finance, personnel, materials - procuring and stores, dispatch, safety, printing. Acts related to Printing Industry: Factory Act & printing Act - objects, meaning, Registration, health safety & welfare provision. Press Registration - meaning, purpose, copy right board duties & functions. Copy Right Act - meaning, purpose, copy right board duties & functions. Printing associations-local, national and international.
