- 7 State the important features of surgical dressings.

6 X 5 = 30

PART- C

[Maximum Marks: 60]

[Answer One Full Question From Each Unit]

MODULE – I

- | | | | |
|-----|---|--|----|
| III | a | State the factors which determine the properties of fibers used in the manufacture of non wovens | 3 |
| | b | Explain the aerodynamic technique of web preparation with suitable diagram.. | 12 |

OR

- | | | | |
|----|---|---|----|
| IV | a | Define sinker. | 3 |
| | b | Explain the manufacture of chemically bonded fabric | 12 |

MODULE – II

- | | | | |
|---|---|--|----|
| V | a | Differentiate face loop and back loop. | 3 |
| | b | Compare single knit fabric and double knit fabric. | 12 |

OR

- | | | | |
|----|---|--|----|
| VI | a | Differentiate needle loop and sinker loop. | 3 |
| | b | Explain the knitting action of latch needle with necessary illustration. | 12 |

MODULE – III

- | | | | |
|-----|---|---|----|
| VII | a | List the application of rib knit fabrics | 3 |
| | b | Explain the passage of yarn through a flat knitting machine with a neat diagram | 12 |

OR

- | | | | |
|------|---|--|---|
| VIII | a | State the advantages of positive feed mechanism. | 3 |
|------|---|--|---|

	b	Explain the passage of yarn through a Raschel warp knitting machine with the aid of a neat diagram	12
--	---	--	----

MODULE– IV

IX	a	What are technical textiles?	3
	b	Explain the scope and application of technical textiles	12

OR

X	a	List different types of 'geo' textile based on the method of manufacture.	3
	b	Discuss the features of geo textiles and explain their application.	12
