

KERALA DIPLOMA CURRICULUM REVISION 2026

Course 3141

3 Credits: 4.5

Program Core

Source-grounded

Financial Accounting III

□ To develop basic knowledge in accounting system of non- profit organization.

OFFICIAL SOURCE DECLARATION

How this lesson was prepared

The supplied official SITTTR syllabus PDF for Course 3141 is the authoritative source for course information, objectives, course outcomes, CO-PO mapping, modules, topics, activities, assessment structure and references. Explanations, study prompts and Malayalam support are educational elaboration and are not presented as additional official syllabus text.

Source file: 3141.pdf from the uploaded official SITTTR syllabus archive. **Course code and title:** preserved from the source.

COURSE DASHBOARD

Official course information

Course information

Item	Official information
Programme	Diploma in Commercial Practice
Course code	3141
Course title	Financial Accounting III
Semester	3 Credits: 4.5
Course category	Program Core
Periods per week	6 (L:3, T:0, P:3) Periods per semester: 90
Periods per semester	90
Credits	4.5
Prerequisite	See the official syllabus PDF
Assessment	Use the official assessment section reproduced below

Modules

4 official module sections detected.

Topic entries

20 source-aligned topic entries retained.

Study mode

Theory and application emphasis.

STUDY METHOD**How to use this lesson****First pass**

Read the official source declaration, dashboard and module transcript. Mark unfamiliar terms without changing the official terminology.

Second pass

Use each topic card to build a definition, principle, steps or components, application and exam answer. Attempt the Q&A before opening the answers.

Practical evidence

Where the course is laboratory or workshop based, maintain an observation notebook with procedure, instruments, readings, safety points and conclusion.

Revision pass

Return to the source excerpt, coverage table, activities and model paper. The generated paper is practice material, not an official examination paper.

LEARNING OUTCOMES**Objectives, outcomes and mapping****Course objectives**

- To develop basic knowledge in accounting system of non- profit organization.
- To learn the treatment of single-entry system of book keeping and methods of providing depreciation.
- To understand the significance of issuance of Accounting Standards.

Course outcomes

CO	Official outcome	Study level
CO1	Prepare accounts of Non-Profit Organization. 26 Applying Apply methods of single-entry	See official syllabus
CO2	26 Applying system of book keeping.	See official syllabus
CO3	Make use of methods of providing depreciation. 20 Applying	See official syllabus
CO4	Identify Accounting Standards. 16 Applying	See official syllabus

CO-PO mapping evidence

Row	Extracted official mapping
CO1	CO1 3
CO2	CO2 3
CO3	CO3 3
CO4	CO4 3

COVERAGE AUDIT

Complete syllabus coverage

Every detected official module is represented below. Each module contains topic cards and an expandable official syllabus transcript to preserve source terminology.

Module coverage

Module	Official heading	Topic entries	Hours
Module 1	Prepare accounts of Non-Profit Organization.	4	As specified
Module 2	Apply the methods of single-entry system of book keeping.	7	As specified
Module 3	Make use of methods of providing depreciation.	4	As specified
Module 4	Identify Accounting Standards.	5	As specified

MODULE 1

Prepare accounts of Non-Profit Organization.

This module is presented from the official syllabus scope for Financial Accounting III. Use the topic cards for learning and the source transcript for exact coverage.

As specified
official hours

CO-linked
see outcomes

Learning goals

- Explain the official Module 1 scope and its relationship to the course outcomes.
- Recognise the terminology, sequence, components and evidence expected in examination answers.
- Connect at least one official topic to a practical, industrial, laboratory or design context.

Key facts

- Official module title: Prepare accounts of Non-Profit Organization.
- Official duration: As specified
- Official topic entries captured: 4
- The full source excerpt is preserved below for coverage checking.

▼ 5 Understanding Account, Income and Expenditure Account. Prepare Receipts and Payments account from Applying.

5 Understanding Account, Income and Expenditure Account. Prepare Receipts and Payments account from Applying. is an official topic in Module 1 of Financial Accounting III. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 5 Understanding Account, Income and Expenditure Account. Prepare Receipts and Payments account from Applying. using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 5 understanding account, income and expenditure account. prepare receipts and payments account from applying. should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
Definition/identity	What 5 Understanding Account, Income and Expenditure Account. Prepare Receipts and Payments account from Applying. means in the official course context
Study lens	Principle → components or stages → result → application
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 1-5 Understanding Account, Income and Expenditure Account. Prepare Receipts and Payments account from Applying. പരീക്ഷയിൽ definition/meaning നൽകണം. പരീക്ഷയിൽ പരീക്ഷണം, steps, application നൽകണം പരീക്ഷണം പരീക്ഷണം. Technical terms English-ൽ പരീക്ഷണം പരീക്ഷണം.

▼ given Income and Expenditure Account and 7 given details. Prepare Income & Expenditure account,

given Income and Expenditure Account and 7 given details. Prepare Income & Expenditure account, is an official topic in Module 1 of Financial Accounting III. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify given Income and Expenditure Account and 7 given details. Prepare Income & Expenditure account, using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, given income and expenditure account and 7 given details. prepare income & expenditure account, should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
Definition/identity	What given Income and Expenditure Account and 7 given details. Prepare Income & Expenditure account, means in the official course context
Study lens	Principle → components or stages → result → application
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 1-എന്നു നൽകിയ Income and Expenditure Account and 7 given details. Prepare Income & Expenditure account, അർത്ഥം, definition/meaning, steps, application എന്നിവയെക്കുറിച്ച് വിശദീകരിക്കുക. Technical terms English-ൽ ഉപയോഗിക്കുക.

▼ Balance sheet from Receipt and Payments 7 Applying. accounts from given details. Prepare Balance sheet of Non - Profit

Balance sheet from Receipt and Payments 7 Applying. accounts from given details. Prepare Balance sheet of Non - Profit is an official topic in Module 1 of Financial Accounting III. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify Balance sheet from Receipt and Payments 7 Applying. accounts from given details. Prepare Balance sheet of Non - Profit using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, balance sheet from receipt and payments 7 applying. accounts from given details. prepare balance sheet of non - profit should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 3- 3 Understanding providing depreciation. Solve problem under fixed and reducing ഓരോന്നിനെയും വ്യക്തമായി definition/meaning വ്യക്തമായി. ഓരോന്നിനെയും വ്യക്തമായി, steps, application വ്യക്തമായി വ്യക്തമായി. Technical terms English- വ്യക്തമായി വ്യക്തമായി.

▼ methods with adjustments on addition and 6 Applying. disposal. Explain annuity method of depreciation,

methods with adjustments on addition and 6 Applying. disposal. Explain annuity method of depreciation, is an official topic in Module 3 of Financial Accounting III. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify methods with adjustments on addition and 6 Applying. disposal. Explain annuity method of depreciation, using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, methods with adjustments on addition and 6 applying. disposal. explain annuity method of depreciation, should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
Definition/identity	What methods with adjustments on addition and 6 Applying. disposal. Explain annuity method of depreciation, means in the official course context
Study lens	Principle → components or stages → result → application
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 3-എന്നു രീതികൾ കൂട്ടിച്ചേർക്കലിലും 6 ഉപയോഗിച്ചു നശിപ്പിക്കലിലും. വിശദീകരിക്കുക അനുതരണ രീതിയിൽ ഹ്രസ്വമായി, definition/meaning എഴുതുക. എഴുതുക എഴുതുക എഴുതുക, steps, application എഴുതുക എഴുതുക എഴുതുക. Technical terms English-ൽ എഴുതുക എഴുതുക എഴുതുക.

▼ depreciation fund method and Revaluation 4 Understanding. method. Prepare Depreciation Accounts under Annuity

depreciation fund method and Revaluation 4 Understanding. method. Prepare Depreciation Accounts under Annuity is an official topic in Module 3 of Financial Accounting III. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify depreciation fund method and Revaluation 4 Understanding. method. Prepare Depreciation Accounts under Annuity using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, depreciation fund method and revaluation 4 understanding. method. prepare depreciation accounts under annuity should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

MODULE 4

Identify Accounting Standards.

This module is presented from the official syllabus scope for Financial Accounting III. Use the topic cards for learning and the source transcript for exact coverage.

As specified
official hours

CO-linked
see outcomes

Learning goals

- Explain the official Module 4 scope and its relationship to the course outcomes.
- Recognise the terminology, sequence, components and evidence expected in examination answers.
- Connect at least one official topic to a practical, industrial, laboratory or design context.

Key facts

- Official module title: Identify Accounting Standards.
- Official duration: As specified
- Official topic entries captured: 5
- The full source excerpt is preserved below for coverage checking.

▼ 3 Understanding Scope and Functions of ASBI Describe Indian Accounting Standards,

3 Understanding Scope and Functions of ASBI Describe Indian Accounting Standards, is an official topic in Module 4 of Financial Accounting III. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

EXAMINATION PREPARATION

Assessment methodology

The following source extract preserves the assessment information detected in the official PDF. Verify mark conversions and institutional updates against the current source before an examination.

The official assessment structure is reproduced from the supplied PDF.

Practice-paper notice: The model paper below is generated for revision and is not an official examination paper.

ACTIVE RECALL

Module-wise questions and answers

These are practice questions based on official topic coverage, not official examination questions.

Module 1

► **Define or explain 5 Understanding Account, Income and Expenditure Account. Prepare Receipts and Payments account from Applying.. (3 marks)**

► **Define or explain given Income and Expenditure Account and 7 given details. Prepare Income & Expenditure account,. (3 marks)**

► **Define or explain Balance sheet from Receipt and Payments 7 Applying. accounts from given details. Prepare Balance sheet of Non - Profit. (3 marks)**

► **Define or explain 7 Applying. Organizations. Accounting of Non-Profit Organizations: Non-Profit Entities - Meaning - Features - Accounting Process - Receipts and Payments Account - Meaning -Features - Procedure for Preparation - Uses & Limitations - Income and Expenditure Account - Meaning - Features - Procedure for Preparation - Uses & Limitations - Difference between Receipts and Payments Account & Income and Expenditure Account - Preparation of Balance Sheet - Practical Problems.. (3 marks)**

Module 2

► **Define or explain 2 Understanding affairs and types of single-entry system. Prepare opening Statement of Affairs and. (3 marks)**

► **Define or explain 3 Applying closing Statement of Affairs. Explain the method of ascertaining profile. (3 marks)**

► **Define or explain 4 Understanding under single entry system. Prepare final statement of affairs taking. (3 marks)**

► **Define or explain 5 Applying. adjustments. State the distinction between Balance Sheet and Statement of Affairs and distinction. (3 marks)**

Module 3

► **Define or explain 3 Understanding providing depreciation. Solve problem under fixed and reducing. (3 marks)**

► **Define or explain methods with adjustments on addition and 6 Applying. disposal. Explain annuity method of depreciation,. (3 marks)**

► **Define or explain depreciation fund method and Revaluation 4 Understanding. method. Prepare Depreciation Accounts under Annuity. (3 marks)**

► **Define or explain method, Depreciation Fund method and 7 Applying. Revaluation method. Depreciation Accounting - Meaning & Needs - Causes - Objectives - Methods - Fixed installments method -Reducing installment method - Addition and Disposal - Annuity method - Depreciation fund method - Revaluation method - Practical problems.. (3 marks)**

Module 4

► **Define or explain 3 Understanding Scope and Functions of ASBI Describe Indian Accounting Standards,. (3 marks)**

► **Define or explain 3 Understanding. Concepts and Salient Features. Explain the procedures for issuing accounting. (3 marks)**

► **Define or explain 2 Remembering. standards in India.. (3 marks)**

► **Define or explain Identify Indian Accounting Standards 6 Applying Summarize International Financial Reporting. (3 marks)**

PRACTICE ONLY

Practice Model Paper — Not an Official Examination Paper

Attempt one short definition, one structured explanation and one long answer from every module. Use the official assessment pattern reproduced above when selecting time and marks.

Module 1

1-mark definition: State the meaning of **5 Understanding Account, Income and Expenditure Account. Prepare Receipts and Payments account from Applying..**

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

Module 2

1-mark definition: State the meaning of **2 Understanding affairs and types of single-entry system. Prepare opening Statement of Affairs and.**

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

Module 3

1-mark definition: State the meaning of **3 Understanding providing depreciation. Solve problem under fixed and reducing.**

Module 4

1-mark definition: State the meaning of **3 Understanding Scope and Functions of ASBI Describe Indian Accounting Standards,.**

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

QUICK REVISION
