

KERALA DIPLOMA CURRICULUM REVISION 2026

Course 3181

3 Credits: 3

Program Core

Source-grounded

History of Human Settlement

□ To explain human settlement pattern during prehistoric period and early civilizations.

OFFICIAL SOURCE DECLARATION

How this lesson was prepared

The supplied official SITTTTR syllabus PDF for Course 3181 is the authoritative source for course information, objectives, course outcomes, CO-PO mapping, modules, topics, activities, assessment structure and references. Explanations, study prompts and Malayalam support are educational elaboration and are not presented as additional official syllabus text.

Source file: 3181.pdf from the uploaded official SITTTTR syllabus archive. **Course code and title:** preserved from the source.

COURSE DASHBOARD

Official course information

Course information

Item	Official information
Programme	Diploma in Architecture
Course code	3181
Course title	History of Human Settlement
Semester	3 Credits: 3
Course category	Program Core
Periods per week	3 (L:2, T:1, P:0) Periods per semester: 45
Periods per semester	45
Credits	3
Prerequisite	See the official syllabus PDF
Assessment	Use the official assessment section reproduced below

Modules

4 official module sections detected.

Topic entries

16 source-aligned topic entries retained.

Study mode

Theory and application emphasis.

STUDY METHOD**How to use this lesson****First pass**

Read the official source declaration, dashboard and module transcript. Mark unfamiliar terms without changing the official terminology.

Second pass

Use each topic card to build a definition, principle, steps or components, application and exam answer. Attempt the Q&A before opening the answers.

Practical evidence

Where the course is laboratory or workshop based, maintain an observation notebook with procedure, instruments, readings, safety points and conclusion.

Revision pass

Return to the source excerpt, coverage table, activities and model paper. The generated paper is practice material, not an official examination paper.

LEARNING OUTCOMES**Objectives, outcomes and mapping****Course objectives**

- □ To explain human settlement pattern during prehistoric period and early civilizations.
- □ To describe the influence of various factors in shaping the human settlement pattern
- with suitable examples.
- □ To identify various building materials and construction techniques used in early civilization /human settlements.
- □ To illustrate important structures or features of civilization /human settlements

Course outcomes

CO	Official outcome	Study level
CO1	Explain prehistoric / Primitive human settlements 10 Understanding Outline the features of human settlements in Nile	See official syllabus
CO2	14 Understanding Valley Civilization, Egypt Illustrate features of human settlements in Indus	See official syllabus
CO3	8 Applying Valley Civilization Illustrate features of human settlements in Aryan /	See official syllabus
CO4	11 Applying Vedic Civilization	See official syllabus

CO-PO mapping evidence

Row	Extracted official mapping
CO1	CO1 3 3
CO2	CO2 3 3 2
CO3	CO3 3 3 2

Row	Extracted official mapping
CO4	CO4 3 3 2

COVERAGE AUDIT

Complete syllabus coverage

Every detected official module is represented below. Each module contains topic cards and an expandable official syllabus transcript to preserve source terminology.

Module coverage

Module	Official heading	Topic entries	Hours
Module 1	Explain prehistoric / Primitive human settlements	3	As specified
Module 2	Egypt	4	As specified
Module 3	Illustrate features of human settlements in Indus Valley Civilization	4	As specified
Module 4	Illustrate features of human settlements in Aryan /Vedic Civilization.	5	As specified

MODULE 1

Explain prehistoric / Primitive human settlements

This module is presented from the official syllabus scope for History of Human Settlement. Use the topic cards for learning and the source transcript for exact coverage.

As specified
official hours

CO-linked
see outcomes

Learning goals

- Explain the official Module 1 scope and its relationship to the course outcomes.
- Recognise the terminology, sequence, components and evidence expected in examination answers.
- Connect at least one official topic to a practical, industrial, laboratory or design context.

Key facts

- Official module title: Explain prehistoric / Primitive human settlements
- Official duration: As specified
- Official topic entries captured: 3
- The full source excerpt is preserved below for coverage checking.

▼ 2 Understanding settlement pattern of primitive people Explain burial systems, megaliths and

2 Understanding settlement pattern of primitive people Explain burial systems, megaliths and is an official topic in Module 1 of History of Human Settlement. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 2 Understanding settlement pattern of primitive people Explain burial systems, megaliths and using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 2 understanding settlement pattern of primitive people explain burial systems, megaliths and should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
--------	-----------------

Aspect	What to prepare
Definition/identity	What 2 Understanding settlement pattern of primitive people Explain burial systems, megaliths and means in the official course context
Study lens	Principle → components or stages → result → application
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 1- 2 Understanding settlement pattern of primitive people Explain burial systems, megaliths and definition/meaning . . . , steps, application Technical terms English-

▼ 3 Understanding memorials. Illustrate Oval huts near Nice, Dolmen tomb, Gallery grave, Passage grave, Cairns,

3 Understanding memorials. Illustrate Oval huts near Nice, Dolmen tomb, Gallery grave, Passage grave, Cairns, is an official topic in Module 1 of History of Human Settlement. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 3 Understanding memorials. Illustrate Oval huts near Nice, Dolmen tomb, Gallery grave, Passage grave, Cairns, using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 3 understanding memorials. illustrate oval huts near nice, dolmen tomb, gallery grave, passage grave, cairns, should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
Definition/identity	What 3 Understanding memorials. Illustrate Oval huts near Nice, Dolmen tomb, Gallery grave, Passage grave, Cairns, means in the official course context
Study lens	Principle → components or stages → result → application
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 1-3 Understanding memorials. Illustrate Oval huts near Nice, Dolmen tomb, Gallery grave, Passage grave, Cairns, definition/meaning. Steps, application. Technical terms English- Malayalam.

▼ 5 Understanding Tumulus, Houses at CatalHuyuk, Stonehenge(added) Prehistoric / Primitive Architecture - Primitive people, shelters, settlements, burial systems, megaliths and memorials. - The full source excerpt is preserved below for coverage checking.

▼ 2 Understanding Aryan / Vedic Civilization. Describe various Town forms in Vedic

2 Understanding Aryan / Vedic Civilization. Describe various Town forms in Vedic is an official topic in Module 4 of History of Human Settlement. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 2 Understanding Aryan / Vedic Civilization. Describe various Town forms in Vedic using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 2 understanding aryan / vedic civilization. describe various town forms in vedic should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
--------	-----------------

Aspect	What to prepare
Definition/identity	What 2 Understanding Aryan / Vedic Civilization. Describe various Town forms in Vedic means in the official course context
Study lens	Principle → components or stages → result → application
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 4-2 Understanding Aryan / Vedic Civilization. Describe various Town forms in Vedic definition/meaning. steps, application. Technical terms English-.

▼ 2 Understanding Civilization. Explain typology of Shelters in Aryan /

2 Understanding Civilization. Explain typology of Shelters in Aryan / is an official topic in Module 4 of History of Human Settlement. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 2 Understanding Civilization. Explain typology of Shelters in Aryan / using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 2 understanding civilization. explain typology of shelters in aryan / should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

► **Define or explain 2 Understanding Civilization. Explain typology of Shelters in Aryan /. (3 marks)**

► **Define or explain 3 Understanding Vedic Civilization. Explain construction methods and materials. (3 marks)**

► **Define or explain 2 Understanding used for various settlements. Illustrate typical Vedic village, Torana and. (3 marks)**

PRACTICE ONLY

Practice Model Paper — Not an Official Examination Paper

Attempt one short definition, one structured explanation and one long answer from every module. Use the official assessment pattern reproduced above when selecting time and marks.

Module 1

1-mark definition: State the meaning of **2 Understanding settlement pattern of primitive people**
Explain burial systems, megaliths and.

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

Module 2

1-mark definition: State the meaning of **2 Understanding of settlements in Nile Valley Civilization. Describe human settlements, shelters and.**

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

Module 3

1-mark definition: State the meaning of **2 Understanding of settlements in Indus Valley Civilization. Identify human settlements, shelters and.**

Module 4

1-mark definition: State the meaning of **2 Understanding Aryan / Vedic Civilization. Describe various Town forms in Vedic.**

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

QUICK REVISION

Exam checklist

Before writing

- Read the command word: define, explain, compare, draw, calculate, analyse or design.
- Use the exact course terminology from the source transcript.
- Plan labels, units, sequence and marks before writing.

Before submitting

- Check every module has been revised.
- Check diagrams, tables, formula symbols and units.
- Separate official syllabus information from personal elaboration.

REFERENCE VOCABULARY

Glossary

Study glossary

Term	Meaning in this lesson
Course Outcome	A capability the student should demonstrate after completing the course.
Module	An official syllabus unit with defined topics and hours.
CIE	Continuous Internal Evaluation.
ESE	End Semester Examination.
Source transcript	A preserved extract of the official syllabus used for coverage checking.
