

KERALA DIPLOMA CURRICULUM REVISION 2026

Course 5254B

5 Credits: 4

Program Elective

Source-grounded

Digital Marketing

□ To familiarize students with the theoretical aspects of digital marketing.

OFFICIAL SOURCE DECLARATION

How this lesson was prepared

The supplied official SITTTTR syllabus PDF for Course 5254B is the authoritative source for course information, objectives, course outcomes, CO-PO mapping, modules, topics, activities, assessment structure and references. Explanations, study prompts and Malayalam support are educational elaboration and are not presented as additional official syllabus text.

Source file: 5254B.pdf from the uploaded official SITTTTR syllabus archive.

Course code and title: preserved from the source.

COURSE DASHBOARD

Official course information

Course information

Item	Official information
Programme	Diploma in Computer Application and Business Management
Course code	5254B
Course title	Digital Marketing
Semester	5 Credits: 4
Course category	Program Elective
Periods per week	4 (L:4, T:0, P:0) Periods per semester: 60
Periods per semester	60
Credits	4
Prerequisite	See the official syllabus PDF
Assessment	Use the official assessment section reproduced below

Modules

4 official module sections detected.

Topic entries

22 source-aligned topic entries retained.

Study mode

Theory and application emphasis.

STUDY METHOD**How to use this lesson****First pass**

Read the official source declaration, dashboard and module transcript. Mark unfamiliar terms without changing the official terminology.

Second pass

Use each topic card to build a definition, principle, steps or components, application and exam answer. Attempt the Q&A before opening the answers.

Practical evidence

Where the course is laboratory or workshop based, maintain an observation notebook with procedure, instruments, readings, safety points and conclusion.

Revision pass

Return to the source excerpt, coverage table, activities and model paper. The generated paper is practice material, not an official examination paper.

LEARNING OUTCOMES

Objectives, outcomes and mapping

Course objectives

- To familiarize students with the theoretical aspects of digital marketing.
- To gain working knowledge in digital marketing domain and develop an understanding of the framework within online marketing businesses and its operations

Course outcomes

CO	Official outcome	Study level
CO1	marketing as a subdomain of Marketing and its role 12 Understanding in building businesses. Apply the principles of SEO and evaluate them in	See official syllabus
CO2	19 Applying detail. Utilize various social media platforms in building	See official syllabus
CO3	11 Applying the business. Explain the concept and evolution of search engine	See official syllabus
CO4	16 Applying marketing and apply it as an inbound marketing tool Series Exam 2	See official syllabus

CO-PO mapping evidence

Row	Extracted official mapping
CO1	CO1 3
CO2	CO2 3 3
CO3	CO3 3 3
CO4	CO4 3

COVERAGE AUDIT

Complete syllabus coverage

Every detected official module is represented below. Each module contains topic cards and an expandable official syllabus transcript to preserve source terminology.

Module coverage

Module	Official heading	Topic entries	Hours
Module 1	of Marketing and its role in building businesses.	4	As specified
Module 2	Apply the principles of SEO and evaluate them in detail.	6	As specified
Module 3	Utilize various social media platforms in building the business.	5	As specified
Module 4	as an inbound marketing tool	7	As specified

MODULE 1

of Marketing and its role in building businesses.

This module is presented from the official syllabus scope for Digital Marketing. Use the topic cards for learning and the source transcript for exact coverage.

As specified
official hours

CO-linked
see outcomes

Learning goals

- Explain the official Module 1 scope and its relationship to the course outcomes.
- Recognise the terminology, sequence, components and evidence expected in examination answers.
- Connect at least one official topic to a practical, industrial, laboratory or design context.

Key facts

- Official module title: of Marketing and its role in building businesses.
- Official duration: As specified
- Official topic entries captured: 4
- The full source excerpt is preserved below for coverage checking.

▼ 3 Understanding marketing and its trends. Explain the various channels in digital marketing

3 Understanding marketing and its trends. Explain the various channels in digital marketing is an official topic in Module 1 of Digital Marketing. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 3 Understanding marketing and its trends. Explain the various channels in digital marketing using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 3 understanding marketing and its trends. explain the various channels in digital marketing should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
--------	-----------------

Aspect	What to prepare
Definition/identity	What 3 Understanding marketing and its trends. Explain the various channels in digital marketing means in the official course context
Study lens	Principle → components or stages → result → application
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 1-3 Understanding marketing and its trends. Explain the various channels in digital marketing

2 Applying ad campaigns and evaluate it. Understand and demonstrate the tools in is an official topic in Module 3 of Digital Marketing. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 2 Applying ad campaigns and evaluate it. Understand and demonstrate the tools in using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 2 applying ad campaigns and evaluate it. understand and demonstrate the tools in should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.
