

KERALA DIPLOMA CURRICULUM REVISION 2026

Course 5254C

5 Credits: 4

Program Elective

Source-grounded

Banking and Financial System

□ To provide a thorough knowledge in Banking and financial services.

OFFICIAL SOURCE DECLARATION

How this lesson was prepared

The supplied official SITTTTR syllabus PDF for Course 5254C is the authoritative source for course information, objectives, course outcomes, CO-PO mapping, modules, topics, activities, assessment structure and references. Explanations, study prompts and Malayalam support are educational elaboration and are not presented as additional official syllabus text.

Source file: 5254C.pdf from the uploaded official SITTTTR syllabus archive.

Course code and title: preserved from the source.

COURSE DASHBOARD

Official course information

Course information

Item	Official information
Programme	Diploma in Computer Application and Business Management
Course code	5254C
Course title	Banking and Financial System
Semester	5 Credits: 4
Course category	Program Elective
Periods per week	4 (L:4, T:0, P:0) Periods per semester: 60
Periods per semester	60
Credits	4
Prerequisite	See the official syllabus PDF
Assessment	Use the official assessment section reproduced below

Modules

4 official module sections detected.

Topic entries

35 source-aligned topic entries retained.

Study mode

Theory and application emphasis.

STUDY METHOD**How to use this lesson****First pass**

Read the official source declaration, dashboard and module transcript. Mark unfamiliar terms without changing the official terminology.

Second pass

Use each topic card to build a definition, principle, steps or components, application and exam answer. Attempt the Q&A before opening the answers.

Practical evidence

Where the course is laboratory or workshop based, maintain an observation notebook with procedure, instruments, readings, safety points and conclusion.

Revision pass

Return to the source excerpt, coverage table, activities and model paper. The generated paper is practice material, not an official examination paper.

LEARNING OUTCOMES

Objectives, outcomes and mapping

Course objectives

- To provide a thorough knowledge in Banking and financial services.
- To get an idea about the banking functions and structure and financial services in

Course outcomes

CO	Official outcome	Study level
CO1	Summarize functions of commercial banks 17 Applying Understand the relationship between banker and	See official syllabus
CO2	11 Applying customer	See official syllabus
CO3	Classify non-banking financial intermediaries. 15 Applying	See official syllabus
CO4	Evaluate Indian Financial System. 15 Applying Series Exam 2	See official syllabus

CO-PO mapping evidence

Row	Extracted official mapping
CO1	CO1 3 3
CO2	CO2 3 2
CO3	CO3 3 2
CO4	CO4 2 2

COVERAGE AUDIT

Complete syllabus coverage

Every detected official module is represented below. Each module contains topic cards and an expandable official syllabus transcript to preserve source terminology.

Module coverage

Module	Official heading	Topic entries	Hours
Module 1	Summarize the functions of commercial banks.	11	As specified
Module 2	Explain relationship between banker and customer.	6	As specified
Module 3	Classify non-banking financial intermediaries.	8	As specified
Module 4	Evaluate Indian financial system.	10	As specified

MODULE 1

Summarize the functions of commercial banks.

This module is presented from the official syllabus scope for Banking and Financial System. Use the topic cards for learning and the source transcript for exact coverage.

As specified
official hours

CO-linked
see outcomes

Learning goals

- Explain the official Module 1 scope and its relationship to the course outcomes.
- Recognise the terminology, sequence, components and evidence expected in examination answers.
- Connect at least one official topic to a practical, industrial, laboratory or design context.

Key facts

- Official module title: Summarize the functions of commercial banks.
- Official duration: As specified
- Official topic entries captured: 11
- The full source excerpt is preserved below for coverage checking.

▼ 2 Understanding Banking.

2 Understanding Banking. is an official topic in Module 1 of Banking and Financial System. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 2 Understanding Banking. using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 2 understanding banking. should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
Definition/identity	What 2 Understanding Banking. means in the official course context
Study lens	Principle → components or stages → result → application

Aspect	What to prepare
Exam evidence	Definition, labelled explanation, comparison, procedure or example as appropriate

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 1- 2 Understanding Banking. പരമ്പരാഗതമായി പരമ്പരാഗത definition/meaning പരമ്പരാഗതമായി. പരമ്പരാഗത പരമ്പരാഗത പരമ്പരാഗത, steps, application പരമ്പരാഗത പരമ്പരാഗതമായി പരമ്പരാഗത. Technical terms English- പരമ്പരാഗത പരമ്പരാഗതമായി.

▼ Explain the role of banks in business.

Explain the role of banks in business. is an official topic in Module 1 of Banking and Financial System. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify Explain the role of banks in business. using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, explain the role of banks in business. should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Exam tip: Begin with the exact term, then give an organised explanation with a diagram, table, procedure or example whenever the topic naturally supports it.

Common mistakes: Writing a memorised phrase without explaining the principle; omitting units, labels, conditions or sequence; or mixing this topic with a related but different term.

Malayalam support: Module 2- State the meaning of Negotiable instruments. 2 Applying Meaning of Cheque, Bill of Exchange & definition/meaning . steps, application . Technical terms English- .

▼ 2 Applying Promissory Notes.

2 Applying Promissory Notes. is an official topic in Module 2 of Banking and Financial System. Study the terminology first, then connect the stated purpose, sequence, components or application to the wider course outcome.

Concept and explanation

To learn this topic effectively, identify what the system, process, material, method or concept is; state its governing idea; describe the important parts or stages; and explain what changes when operating conditions change. The official source wording is retained in the module transcript so that examination answers remain aligned with the syllabus.

Study points

- Define or identify 2 Applying Promissory Notes. using standard technical terminology.
- Arrange the important components, steps or characteristics in a logical sequence.
- Relate the topic to one laboratory, industrial, professional or design situation where appropriate.
- Use a labelled sketch, comparison table, formula or procedure when the question requires it.

Engineering or professional relevance

In Polytechnic practice, 2 applying promissory notes. should be discussed with attention to safe operation, correct terminology, observable evidence and the relationship between input, process and result.

Topic study guide

Aspect	What to prepare
Definition/identity	What 2 Applying Promissory Notes. means in the official course context

EXAMINATION PREPARATION

Assessment methodology

The following source extract preserves the assessment information detected in the official PDF. Verify mark conversions and institutional updates against the current source before an examination.

The official assessment structure is reproduced from the supplied PDF.

Practice-paper notice: The model paper below is generated for revision and is not an official examination paper.

ACTIVE RECALL

Module-wise questions and answers

These are practice questions based on official topic coverage, not official examination questions.

Module 1

- ▶ **Define or explain 2 Understanding Banking.. (3 marks)**
- ▶ **Define or explain Explain the role of banks in business.. (3 marks)**
- ▶ **Define or explain Structure of Commercial banking in India 2 Applying State the meaning of scheduled banks and non. (3 marks)**
- ▶ **Define or explain 1 Understanding scheduled banks Difference between Public sector and private. (3 marks)**

Module 2

- ▶ **Define or explain State the meaning of Banker and Customer 1 Understanding Explain the relationship between banker and. (3 marks)**
- ▶ **Define or explain 2 Applying customer.. (3 marks)**
- ▶ **Define or explain State the meaning of Negotiable instruments. 2 Applying Meaning of Cheque, Bill of Exchange &. (3 marks)**
- ▶ **Define or explain 2 Applying Promissory Notes.. (3 marks)**

Module 3

► **Define or explain 3 Understanding intermediaries.. (3 marks)**

► **Define or explain Differentiate between Banks & NBFCs. (3 marks)**

► **Define or explain List out the various development banks 3 Applying Explain Insurance companies, common trust. (3 marks)**

► **Define or explain 2 Applying funds and post offices Explain various funds- mutual funds, provident. (3 marks)**

Module 4

► **Define or explain Explain the structure of Indian financial system.. (3 marks)**

► **Define or explain State the meaning of financial markets.. (3 marks)**

► **Define or explain State the meaning of Capital market. 1 Understanding Explain the defects and suggestions for. (3 marks)**

► **Define or explain 2 Applying improvement in Indian capital market.. (3 marks)**

PRACTICE ONLY

Practice Model Paper — Not an Official Examination Paper

Attempt one short definition, one structured explanation and one long answer from every module. Use the official assessment pattern reproduced above when selecting time and marks.

Module 1

1-mark definition: State the meaning of **2 Understanding Banking..**

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

Module 2

1-mark definition: State the meaning of **State the meaning of Banker and Customer 1 Understanding Explain the relationship between banker and.**

3-mark explanation: Explain one principle, process or comparison from this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

Module 3

1-mark definition: State the meaning of **3 Understanding intermediaries..**

3-mark explanation: Explain one principle, process or comparison from

Module 4

1-mark definition: State the meaning of **Explain the structure of Indian financial system..**

3-mark explanation: Explain one principle, process or comparison from

this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

this module.

7-mark answer: Write a structured answer using a labelled diagram, table, procedure, example or application.

QUICK REVISION

Exam checklist

Before writing

- Read the command word: define, explain, compare, draw, calculate, analyse or design.
- Use the exact course terminology from the source transcript.
- Plan labels, units, sequence and marks before writing.

Before submitting

- Check every module has been revised.
- Check diagrams, tables, formula symbols and units.
- Separate official syllabus information from personal elaboration.

REFERENCE VOCABULARY

Glossary

Study glossary

Term	Meaning in this lesson
Course Outcome	A capability the student should demonstrate after completing the course.
Module	An official syllabus unit with defined topics and hours.
CIE	Continuous Internal Evaluation.
ESE	End Semester Examination.
Source transcript	A preserved extract of the official syllabus used for coverage checking.
