## CURRICULUM INTEGRITY

# Official Source Declaration and Verified Inconsistencies

Course identity, semester, teaching scheme, CIE/ESE and examination mode were verified from the official [SITTTR Kerala Civil Engineering Revision 2026 programme scheme](#). The official SITTTR Course 3001 detail endpoint returned 'Requested file not found' during preparation. With user approval, the handbook's explanatory coverage is derived from the official [Constitution of India text](#) and reliable public constitutional-studies outlines, rather than being presented as a recovered official Course 3001 detailed syllabus.

**Source treatment:** The SITTTR programme scheme confirms the course identity and assessment metadata but does not expose a usable detailed Course 3001 page at preparation time. Module names, learning objectives, activities, question prompts and Malayalam-support notes are therefore an approved, clearly labelled study-handbook structure built from the cited primary constitutional text and public higher-education course outlines. They must not be treated as verbatim SITTTR module wording.

**Verified source note:** Source status was verified by following the Course 3001 link from the official Civil Engineering Revision 2026 scheme. The linked detail page failed with 'Requested file not found'. The official programme scheme and all approved supplementary sources are listed in References.

## Course introduction

This course builds constitutional literacy for engineering-diploma students. It explains the Constitution's framing and values, individual rights and duties, institutions of government, federal and local arrangements, and the responsible use of democratic processes.

**Malayalam support:** □ handbook □□□□□□□□□□ syllabus topic □□□□□ □□□□□□□□□□; □□□□□□□□ principle, diagram/procedure, application, common mistake □□□□□□ □□□□□□□□□□.

## Prerequisite foundation

No formal prerequisite. Familiarity with Indian history, current civic vocabulary and clear reading skills is useful.

Use prerequisites only as a revision bridge. The current course outcomes and detailed syllabus define the required performance.

### Teaching and assessment scheme

| L | T | P | S | Self-learning/week | Contact hours | Credits | CIE           | ESE           |
|---|---|---|---|--------------------|---------------|---------|---------------|---------------|
| 2 | 0 | 0 | 0 | 3 h/week           | 30            | 0       | Theory CIE 40 | Theory ESE 60 |

### STUDY METHOD

## How to Use This Handbook

### 1 • Understand

Read terms, conditions and purpose; make a short definition in your own words.

### 2 • Visualise

Follow the diagram, circuit, flow or procedure and label it accurately.

### 3 • Apply

Use the method block, calculation or practical checklist without skipping units or safety checks.

## 4 • Revise

Use questions, quick cards and common-mistake notes before examination.

### OFFICIAL STATEMENTS

## Objectives and Course Outcomes

### Official course objectives

1. Explain the historical background, constitutional values and basic structure of the Constitution of India.
2. Recognise fundamental rights, directive principles, duties, citizenship and constitutional remedies in civic life.
3. Describe Union, State and local-government institutions and their constitutional relationships.
4. Explain the roles of legislature, executive, judiciary, elections and constitutional amendment in a democratic system.

### Student-friendly meaning

You should be able to recognise the relevant system or material, explain its principle, communicate through a correct diagram/table where needed and follow a defensible solution or practical method.

**Malayalam support:** CO ഉള്ളത് exam-ന് ഉപയോഗിക്കാൻ ഉപയോഗിക്കാൻ ഉപയോഗിക്കാൻ. Define, explain, apply ഉപയോഗിക്കാൻ action words ഉപയോഗിക്കാൻ.

### Official Course Outcomes

| CO  | Official outcome                                                                                                               | Bloom level |
|-----|--------------------------------------------------------------------------------------------------------------------------------|-------------|
| CO1 | Explain the making, Preamble, salient features and foundational values of the Constitution of India.                           | Understand  |
| CO2 | Relate fundamental rights, directive principles, duties, citizenship and constitutional remedies to responsible civic conduct. | Apply       |
| CO3 | Describe the constitutional roles of Union, State and local-government institutions and the idea of federalism.                | Understand  |
| CO4 | Explain democratic accountability through the legislature, executive, judiciary, elections and constitutional amendment.       | Understand  |

## LEARNING ROADMAP

### How the Modules Connect

#### Constitutional Foundations and the Preamble

Historical background, Constituent Assembly, constitutionalism, Preamble, salient features and citizenship.

CO1 · Approx. 8 hours

## **Rights, Duties and Constitutional Remedies**

Fundamental rights, reasonable restrictions, directive principles, fundamental duties, remedies and civic responsibility.

CO2 · Approx. 8 hours

## **Union, State and Local Government**

Federalism, Centre-State relations, Union executive/Parliament, State executive/legislature and grassroots democracy.

CO3 · Approx. 7 hours

## **Democratic Accountability and Constitutional Change**

Legislature, executive, judiciary, judicial review, elections, checks and balances and constitutional amendment.

CO4 · Approx. 7 hours

### **MODULE 1**

## **Constitutional Foundations and the Preamble**

Historical background, Constituent Assembly, constitutionalism, Preamble, salient features and citizenship.

Approx. 8 hours

CO1

Understand · Apply

### **Learning goals**

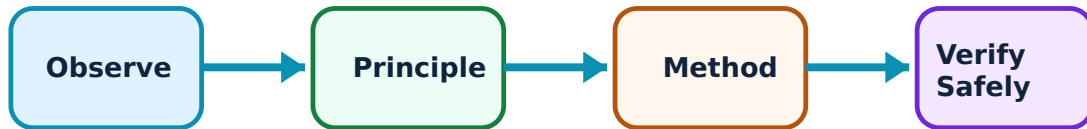

Identify core terms, explain the principle and complete the stated application or practical outcome.

### **Key evidence**

Use a labelled diagram, table, graph, procedure or calculation that matches the topic.

## Engineering habit

Check units, polarity/direction, ratings, materials and safety before concluding.

Study flow for Constitutional Foundations and the Preamble: identify the system, state its principle, follow the correct method and verify the result safely.

### 1. Making of the Constitution and the Constituent Assembly–

The Constitution was framed through the Constituent Assembly in the transition to independent India. Studying the framing process helps distinguish a written constitutional framework from ordinary political preference and explains why constitutional values guide public institutions.

#### Study and application method

Prepare a chronological note: historical context, Constituent Assembly, deliberation, adoption and commencement. Then state why a constitution is needed in a democratic state.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

#### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Prepare a chronological note: historical context, Constituent Assembly, deliberation, adoption and commencement. Then state why a constitution is needed in a democratic state.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** കോൺസെപ്റ്റ് വ്യക്തമായി വിശദീകരിക്കുക. വോൾട്ട്, കറന്റ്, ഡയഗ്രാം / സിരക്യൂട്ട് / ഫോർമുല / പ്രോസീഡർ ഉപയോഗിക്കുക. ഫോർമുല ഉപയോഗിച്ച് റിസൾട്ട് കണ്ടെത്തുക. ഫോർമുലയുടെ പ്രയോഗം വിശദീകരിക്കുക. Technical terms English-ൽ ഉപയോഗിക്കുക.

**Common mistake / precaution:** Do not reduce constitutional history to memorising dates alone; connect the process to representation, deliberation and public legitimacy.

## 2. Preamble and constitutional values—

The Preamble expresses the Constitution’s foundational vision. Its terms—sovereignty, democracy, republic, justice, liberty, equality and fraternity—provide a structured vocabulary for explaining constitutional purpose and civic responsibility.

### Study and application method

Quote only the required keyword, define it in simple language and give one civic or institutional implication. Use a concept map rather than an unlabelled paragraph.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Quote only the required keyword, define it in simple language and give one civic or institutional implication. Use a concept map rather than an unlabelled paragraph.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** കോൺസെപ്റ്റ് വ്യക്തമായി വിശദീകരിക്കുക. ഡയഗ്രാം / സിരക്യൂട്ട് / ഫോർമുല / പ്രോസീഡർ ഉപയോഗിക്കുക. ഫലം വ്യക്തമായി പറയുക. ഫലം വിശദീകരിക്കുക. Technical terms English-ൽ ഉപയോഗിക്കുക.

**Common mistake / precaution:** Do not treat the Preamble as a list of isolated words; explain how values work together.

## 3. Salient features, citizenship and constitutionalism–

A written Constitution, parliamentary system, federal features, independent judiciary, fundamental rights and democratic institutions are commonly used to describe the Indian constitutional arrangement. Citizenship connects legal membership with rights, duties and participation.

### Study and application method

Use a two-column table: feature and practical implication. For citizenship, distinguish legal status from everyday responsible conduct.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Use a two-column table: feature and practical implication. For citizenship, distinguish legal status from everyday responsible conduct.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** ഏതു concept ഈ diagram / circuit / formula / procedure ൽ ഉപയോഗിക്കുന്നു. ഈ result application ൽ ഉപയോഗിക്കുന്നു. Technical terms English-ൽ എഴുതുക.

**Common mistake / precaution:** Avoid claiming every governmental action is automatically constitutional; constitutional limits and review matter.

**Module 1 revision cue:** Re-read official major topics, redraw one key diagram/flow and explain one practical or numerical method without looking at notes.

## MODULE 2

# Rights, Duties and Constitutional Remedies

Fundamental rights, reasonable restrictions, directive principles, fundamental duties, remedies and civic responsibility.

Approx. 8 hours

CO2

Understand · Apply

## Learning goals

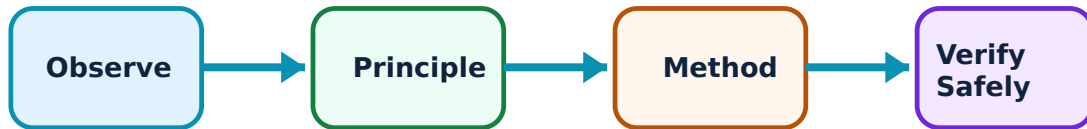

Identify core terms, explain the principle and complete the stated application or practical outcome.

## Key evidence

Use a labelled diagram, table, graph, procedure or calculation that matches the topic.

## Engineering habit

Check units, polarity/direction, ratings, materials and safety before concluding.

Study flow for Rights, Duties and Constitutional Remedies: identify the system, state its principle, follow the correct method and verify the result safely.

## 1. Fundamental rights and equality–

Fundamental rights protect important liberties and equality interests. They provide a framework for understanding dignity, non-discrimination, freedoms and constitutional limits on public power, subject to the Constitution's own provisions.

### Study and application method

Name the relevant right, describe the protected interest, identify the constitutional context and avoid giving case-specific legal advice. Use the primary text for exact wording.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Name the relevant right, describe the protected interest, identify the constitutional context and avoid giving case-specific legal advice. Use the primary text for exact wording.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** ഏതു concept ഈ diagram / circuit / formula / procedure ഈ result ഈ application ഈ Technical terms English- ഈ

**Common mistake / precaution:** Rights are not absolute in every circumstance; do not omit the constitutional context or lawful restrictions.

## 2. Directive principles and fundamental duties–

Directive Principles of State Policy guide governance toward social and economic objectives, while Fundamental Duties articulate civic responsibilities. Together they show that constitutional democracy concerns both institutional action and responsible citizenship.

### Study and application method

Compare purpose, addressee and practical example in a table. State clearly whether a point concerns a State policy direction or citizen duty.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Compare purpose, addressee and practical example in a table. State clearly whether a point concerns a State policy direction or citizen duty.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** ഏതു concept ഈ diagram / circuit / formula / procedure ഈ result ഈ application ഈ Technical terms English-ൽ ഈ

**Common mistake / precaution:** Do not describe directive principles and fundamental rights as identical legal categories.

## 3. Constitutional remedies and responsible civic action–

Constitutional remedies are mechanisms connected to enforcement of rights through constitutional institutions. Responsible civic action also includes informed participation, lawful communication, respect for diversity and use of appropriate democratic channels.

### Study and application method

For an answer, explain the idea of remedy, identify the relevant institution at a high level and conclude with a lawful, non-adversarial civic action.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** For an answer, explain the idea of remedy, identify the relevant institution at a high level and conclude with a lawful, non-adversarial civic action.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** ഏതു concept നോക്കുക. ഏതു diagram / circuit / formula / procedure ഉപയോഗിക്കുക. ഏതു result application ഉപയോഗിക്കുക. Technical terms English-ൽ എഴുതുക.

**Common mistake / precaution:** This handbook is educational material, not legal advice; real disputes need appropriate qualified legal guidance.

**Module 2 revision cue:** Re-read official major topics, redraw one key diagram/flow and explain one practical or numerical method without looking at notes.

### MODULE 3

## Union, State and Local Government

Federalism, Centre-State relations, Union executive/Parliament, State executive/legislature and grassroots democracy.

Approx. 7 hours

CO3

Understand · Apply

### Learning goals

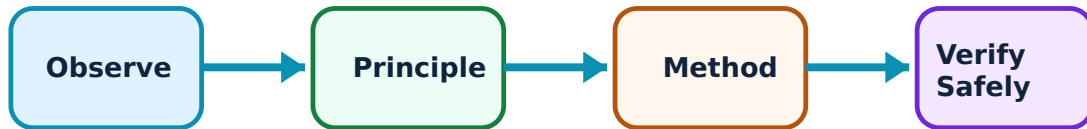

Identify core terms, explain the principle and complete the stated application or practical outcome.

### Key evidence

Use a labelled diagram, table, graph, procedure or calculation that matches the topic.

## Engineering habit

Check units, polarity/direction, ratings, materials and safety before concluding.

Study flow for Union, State and Local Government: identify the system, state its principle, follow the correct method and verify the result safely.

## 1. Federalism and Centre-State relations—

Federalism distributes public authority between Union and State levels. India's constitutional arrangement combines federal features with a strong Union, and effective governance requires attention to allocated powers, cooperation and constitutional procedure.

### Study and application method

Draw a three-level diagram—Union, State and local—and list one broad function or relationship for each without oversimplifying constitutional allocation.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Draw a three-level diagram—Union, State and local—and list one broad function or relationship for each without oversimplifying constitutional allocation.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** കോശം concept പരസ്പരം കോശം പരസ്പരം. കോശം diagram / circuit / formula / procedure പരസ്പരം. പരസ്പരം result പരസ്പരം application പരസ്പരം പരസ്പരം പരസ്പരം പരസ്പരം. Technical terms English-ൽ പരസ്പരം പരസ്പരം.

**Common mistake / precaution:** Do not call India either purely unitary or purely federal without explaining its distinctive constitutional arrangement.

## 2. Union and State institutions–

At Union level, the President, Prime Minister and Council of Ministers, Parliament and Supreme Court have distinct constitutional roles. States have Governors, Chief Ministers and Councils of Ministers, legislatures and High Courts within the constitutional framework.

### Study and application method

Use a role map with separate columns for executive, legislature and judiciary at Union and State levels. State a function, not just office name.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Use a role map with separate columns for executive, legislature and judiciary at Union and State levels. State a function, not just office name.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** കോശം concept കോശങ്ങൾ കോശങ്ങൾക്കുള്ളിൽ. കോശം diagram / circuit / formula / procedure കോശങ്ങൾക്കുള്ളിൽ കോശങ്ങൾക്കുള്ളിൽ. കോശങ്ങൾക്കുള്ളിൽ result കോശങ്ങൾക്കുള്ളിൽ application കോശങ്ങൾക്കുള്ളിൽ കോശങ്ങൾക്കുള്ളിൽ കോശങ്ങൾക്കുള്ളിൽ. Technical terms English-ൽ കോശങ്ങൾ കോശങ്ങൾക്കുള്ളിൽ.

**Common mistake / precaution:** Do not merge ceremonial, executive and legislative functions into one institution.

## 3. Local self-government and participation–

Local government brings democratic decision-making closer to communities. Panchayats and urban local bodies are important for participation, local planning and delivery of services within their legal framework.

### Study and application method

Identify rural or urban local body, state one local issue, and explain a lawful participation route such as informed discussion, Gram Sabha engagement or civic representation.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Identify rural or urban local body, state one local issue, and explain a lawful participation route such as informed discussion, Gram Sabha engagement or civic representation.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** കോൺസെപ്റ്റ് വ്യക്തമായി വിശദീകരിക്കുക. വോൾട്ട്, കറന്റ്, ഡയഗ്രാം / സർക്യൂട്ട് / ഫോർമുല / പ്രോസീഡർ ഉപയോഗിക്കുക. ഫലം വ്യക്തമായി പറയുക. ഫലം പ്രയോജനപ്പെടുത്തുക. Technical terms English-ൽ ഉപയോഗിക്കുക.

**Common mistake / precaution:** Local-government powers and procedures vary by law and context; avoid unsupported assumptions about a particular authority.

**Module 3 revision cue:** Re-read official major topics, redraw one key diagram/flow and explain one practical or numerical method without looking at notes.

## MODULE 4

# Democratic Accountability and Constitutional Change

Legislature, executive, judiciary, judicial review, elections, checks and balances and constitutional amendment.

Approx. 7 hours

CO4

Understand · Apply

## Learning goals

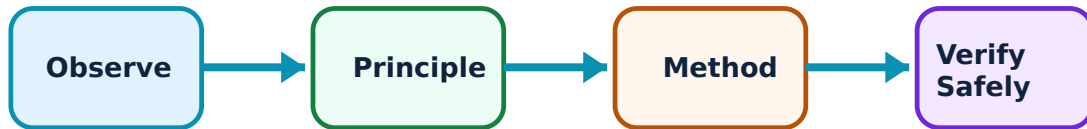

Identify core terms, explain the principle and complete the stated application or practical outcome.

## Key evidence

Use a labelled diagram, table, graph, procedure or calculation that matches the topic.

## Engineering habit

Check units, polarity/direction, ratings, materials and safety before concluding.

Study flow for Democratic Accountability and Constitutional Change: identify the system, state its principle, follow the correct method and verify the result safely.

### 1. Legislature, executive and separation of functions–

The legislature debates and makes laws within its constitutional role; the executive administers and implements policy; the judiciary interprets law and protects constitutional limits. Their interaction supports accountability and checks and balances.

#### Study and application method

Start with a three-column table of institution, core role and accountability mechanism. Then explain one example of institutional interaction.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

#### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Start with a three-column table of institution, core role and accountability mechanism. Then explain one example of institutional interaction.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** concept diagram / circuit / formula / procedure result application. Technical terms English- Malayalam.

**Common mistake / precaution:** Separation of powers in India is not a complete physical separation; do not use a simplified model without noting checks and balances.

## 2. Judiciary and judicial review–

The judiciary interprets law and resolves disputes through constitutional and legal processes. Judicial review refers to scrutiny of governmental action against constitutional standards, reinforcing constitutional supremacy.

### Study and application method

Define judicial review at a high level, identify why independent adjudication matters and distinguish it from ordinary political disagreement.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Define judicial review at a high level, identify why independent adjudication matters and distinguish it from ordinary political disagreement.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** ഫോർമുലാ concept ഫോർമുലാ ഫോർമുലാ. ഫോർമുലാ diagram / circuit / formula / procedure ഫോർമുലാ. ഫോർമുലാ result ഫോർമുലാ application ഫോർമുലാ. Technical terms English-ൽ ഫോർമുലാ.

**Common mistake / precaution:** Do not make claims about a current case without consulting authoritative, current legal sources.

## 3. Elections, amendment and democratic responsibility–

Elections enable representation and accountability. Constitutional amendment provides an organised method for change while preserving constitutional procedures. Democratic responsibility includes informed voting, lawful participation and respect for institutions and fellow citizens.

### Study and application method

Explain election-to-accountability flow: eligible citizen → informed participation → representation → scrutiny. For amendment, emphasise constitutional procedure rather than informal change.

Connect the explanation to the official student learning outcome before attempting a numerical, diagram, procedure or viva answer.

### Evidence of understanding

Use correct terminology, a labelled sketch/table where useful, correct units or conditions, and a conclusion linked to the observed or calculated result.

## How to construct a complete answer

**Given:** identify the quantities, device condition, waveform or circuit arrangement.

**Required:** state exactly what must be found or explained.

**Method:** Explain election-to-accountability flow: eligible citizen → informed participation → representation → scrutiny. For amendment, emphasise constitutional procedure rather than informal change.

**Answer habit:** show a labelled step, the relevant unit/condition and a short interpretation.

**Malayalam support:** ഏതു concept ഈ diagram / circuit / formula / procedure ന്റെ result application ന്റെ Technical terms English-ൽ എഴുതുക.

**Common mistake / precaution:** Avoid partisan advocacy; focus on constitutional process, evidence and respectful civic engagement.

**Module 4 revision cue:** Re-read official major topics, redraw one key diagram/flow and explain one practical or numerical method without looking at notes.

## FORMULA AND PROCEDURE BANK

### Rapid Recall Bank

#### Recall 1

State symbols and SI units before substitution.

#### Recall 2

Draw the circuit, system boundary, vector or process flow before reasoning.

### Recall 3

For laboratory work: aim → apparatus → diagram → procedure → observation → calculation → result → precautions.

### Recall 4

For a graph: label axes, units, scale, operating region and conclusion.

### Recall 5

For a comparison: use construction, working, result, advantage and limitation.

### Recall 6

For an extended answer: definition/principle, labelled diagram, working steps, application and a caution/limitation.

#### DIAGRAM LIBRARY

## Diagram Library for Rapid Revision

### Module 1: Constitutional Foundations and the Preamble

Use the concept flow to revise observation, principle, method and verification.

### Module 2: Rights, Duties and Constitutional Remedies

Use the concept flow to revise observation, principle, method and verification.

### Module 3: Union, State and Local Government

Use the concept flow to revise observation, principle, method and verification.

## Module 4: Democratic Accountability and Constitutional Change

Use the concept flow to revise observation, principle, method and verification.

### SELF-LEARNING

## Official Self-Learning and Student Activities

### Structured activity

Create a timeline and concept map linking the Constituent Assembly, Constitution, Preamble and constitutional values.

Keep evidence in your record: date, source/observation, diagram/table, key learning and questions for discussion.

### Structured activity

Read selected constitutional provisions on rights, duties and remedies; write a plain-language explanation with exact source reference.

Keep evidence in your record: date, source/observation, diagram/table, key learning and questions for discussion.

### Structured activity

Prepare a role chart comparing Union, State and local institutions and discuss one local civic issue through a lawful participation route.

Keep evidence in your record: date, source/observation, diagram/table, key learning and questions for discussion.

### Structured activity

Conduct a non-partisan classroom discussion on elections, institutional accountability and respectful democratic communication.

Keep evidence in your record: date, source/observation, diagram/table, key learning and questions for discussion.

**Activity discipline:** The supplied PDF assigns the listed self-learning hours. This handbook preserves the activity direction; the teacher's approved schedule and safety instructions govern

**EXAMINATION READINESS****Assessment Methodology and Examination Pattern****Official assessment structure**

| Component                | Official mark / conversion | Student evidence                                      |
|--------------------------|----------------------------|-------------------------------------------------------|
| Attendance               | 5 marks                    | End-of-semester attendance component.                 |
| Self-learning activities | 15 marks                   | Module-linked activities.                             |
| Series examinations      | 20 + 20 converted          | Two 50-mark series examinations.                      |
| CIE total                | Theory CIE 40              | Continuous internal evaluation.                       |
| Written ESE              | Theory ESE 60              | 2.5 hours; official Part A / Part B / Part C pattern. |

**Series-test pattern**

The supplied theory pattern uses Part A (1-mark), Part B (3-mark with choice) and Part C (7-mark) distribution across the stated modules. Practical courses follow the supplied practical-test scheme.

**Examination evidence**

Show a complete method, correct units/conditions, clear diagrams or tables, a result/conclusion and safety awareness for any apparatus or process involved.

**EXAM PRACTICE****Module-wise Questions with Answers****Module 1 — Constitutional Foundations and the Preamble**

**Explain Making of the Constitution and the Constituent Assembly and state one correct method, application or precaution.–**

The Constitution was framed through the Constituent Assembly in the transition to independent India. Studying the framing process helps distinguish a written constitutional framework from ordinary political preference and explains why constitutional values guide public institutions.

**Answer framework:** Prepare a chronological note: historical context, Constituent Assembly, deliberation, adoption and commencement. Then state why a constitution is needed in a democratic state.

**Important point:** Do not reduce constitutional history to memorising dates alone; connect the process to representation, deliberation and public legitimacy.

**Explain Preamble and constitutional values and state one correct method, application or precaution.—**

The Preamble expresses the Constitution's foundational vision. Its terms—sovereignty, democracy, republic, justice, liberty, equality and fraternity—provide a structured vocabulary for explaining constitutional purpose and civic responsibility.

**Answer framework:** Quote only the required keyword, define it in simple language and give one civic or institutional implication. Use a concept map rather than an unlabelled paragraph.

**Important point:** Do not treat the Preamble as a list of isolated words; explain how values work together.

**Explain Salient features, citizenship and constitutionalism and state one correct method, application or precaution.—**

A written Constitution, parliamentary system, federal features, independent judiciary, fundamental rights and democratic institutions are commonly used to describe the Indian constitutional arrangement. Citizenship connects legal membership with rights, duties and participation.

**Answer framework:** Use a two-column table: feature and practical implication. For citizenship, distinguish legal status from everyday responsible conduct.

**Important point:** Avoid claiming every governmental action is automatically constitutional; constitutional limits and review matter.

## Module 2 — Rights, Duties and Constitutional Remedies

**Explain Fundamental rights and equality and state one correct method, application or precaution.—**

Fundamental rights protect important liberties and equality interests. They provide a framework for understanding dignity, non-discrimination, freedoms and constitutional limits on public power, subject to the Constitution's own provisions.

**Answer framework:** Name the relevant right, describe the protected interest, identify the constitutional context and avoid giving case-specific legal advice. Use the primary text for exact

wording.

**Important point:** Rights are not absolute in every circumstance; do not omit the constitutional context or lawful restrictions.

**Explain Directive principles and fundamental duties and state one correct method, application or precaution.—**

Directive Principles of State Policy guide governance toward social and economic objectives, while Fundamental Duties articulate civic responsibilities. Together they show that constitutional democracy concerns both institutional action and responsible citizenship.

**Answer framework:** Compare purpose, addressee and practical example in a table. State clearly whether a point concerns a State policy direction or citizen duty.

**Important point:** Do not describe directive principles and fundamental rights as identical legal categories.

**Explain Constitutional remedies and responsible civic action and state one correct method, application or precaution.—**

Constitutional remedies are mechanisms connected to enforcement of rights through constitutional institutions. Responsible civic action also includes informed participation, lawful communication, respect for diversity and use of appropriate democratic channels.

**Answer framework:** For an answer, explain the idea of remedy, identify the relevant institution at a high level and conclude with a lawful, non-adversarial civic action.

**Important point:** This handbook is educational material, not legal advice; real disputes need appropriate qualified legal guidance.

## Module 3 — Union, State and Local Government

**Explain Federalism and Centre-State relations and state one correct method, application or precaution.—**

Federalism distributes public authority between Union and State levels. India's constitutional arrangement combines federal features with a strong Union, and effective governance requires attention to allocated powers, cooperation and constitutional procedure.

**Answer framework:** Draw a three-level diagram—Union, State and local—and list one broad function or relationship for each without oversimplifying constitutional allocation.

**Important point:** Do not call India either purely unitary or purely federal without explaining its distinctive constitutional arrangement.

**Explain Union and State institutions and state one correct method, application or precaution. –**

At Union level, the President, Prime Minister and Council of Ministers, Parliament and Supreme Court have distinct constitutional roles. States have Governors, Chief Ministers and Councils of Ministers, legislatures and High Courts within the constitutional framework.

**Answer framework:** Use a role map with separate columns for executive, legislature and judiciary at Union and State levels. State a function, not just office name.

**Important point:** Do not merge ceremonial, executive and legislative functions into one institution.

**Explain Local self-government and participation and state one correct method, application or precaution. –**

Local government brings democratic decision-making closer to communities. Panchayats and urban local bodies are important for participation, local planning and delivery of services within their legal framework.

**Answer framework:** Identify rural or urban local body, state one local issue, and explain a lawful participation route such as informed discussion, Gram Sabha engagement or civic representation.

**Important point:** Local-government powers and procedures vary by law and context; avoid unsupported assumptions about a particular authority.

## Module 4 — Democratic Accountability and Constitutional Change

**Explain Legislature, executive and separation of functions and state one correct method, application or precaution. –**

The legislature debates and makes laws within its constitutional role; the executive administers and implements policy; the judiciary interprets law and protects constitutional limits. Their interaction supports accountability and checks and balances.

**Answer framework:** Start with a three-column table of institution, core role and accountability mechanism. Then explain one example of institutional interaction.

**Important point:** Separation of powers in India is not a complete physical separation; do not use a simplified model without noting checks and balances.

**Explain Judiciary and judicial review and state one correct method, application or precaution. –**

The judiciary interprets law and resolves disputes through constitutional and legal processes. Judicial review refers to scrutiny of governmental action against constitutional standards, reinforcing constitutional supremacy.

**Answer framework:** Define judicial review at a high level, identify why independent adjudication matters and distinguish it from ordinary political disagreement.

**Important point:** Do not make claims about a current case without consulting authoritative, current legal sources.

**Explain Elections, amendment and democratic responsibility and state one correct method, application or precaution. –**

Elections enable representation and accountability. Constitutional amendment provides an organised method for change while preserving constitutional procedures. Democratic responsibility includes informed voting, lawful participation and respect for institutions and fellow citizens.

**Answer framework:** Explain election-to-accountability flow: eligible citizen → informed participation → representation → scrutiny. For amendment, emphasise constitutional procedure rather than informal change.

**Important point:** Avoid partisan advocacy; focus on constitutional process, evidence and respectful civic engagement.

**PRACTICE ONLY**

## Practice Model Paper

**Important:** This practice paper is based on the official pattern in the supplied syllabus. It is **not** an official SITTR model question paper.

### Part A — short response

1. State one key definition from Module 1: Constitutional Foundations and the Preamble.
2. Identify one diagram, observation, formula or safety condition relevant to Module 1.
3. State one key definition from Module 2: Rights, Duties and Constitutional Remedies.
4. Identify one diagram, observation, formula or safety condition relevant to Module 2.
5. State one key definition from Module 3: Union, State and Local Government.
6. Identify one diagram, observation, formula or safety condition relevant to Module 3.

7. State one key definition from Module 4: Democratic Accountability and Constitutional Change.
8. Identify one diagram, observation, formula or safety condition relevant to Module 4.

### **Part B — structured explanation**

1. Explain a selected procedure/principle from Module 1 with a labelled diagram, table or method.
2. Explain a selected procedure/principle from Module 2 with a labelled diagram, table or method.
3. Explain a selected procedure/principle from Module 3 with a labelled diagram, table or method.
4. Explain a selected procedure/principle from Module 4 with a labelled diagram, table or method.

### **Part C — extended response / practical task**

1. Develop a complete answer or practical plan for: Historical background, Constituent Assembly, constitutionalism, Preamble, salient features and citizenship..
2. Develop a complete answer or practical plan for: Fundamental rights, reasonable restrictions, directive principles, fundamental duties, remedies and civic responsibility..
3. Develop a complete answer or practical plan for: Federalism, Centre–State relations, Union executive/Parliament, State executive/legislature and grassroots democracy..
4. Develop a complete answer or practical plan for: Legislature, executive, judiciary, judicial review, elections, checks and balances and constitutional amendment..

#### **LAST-MILE REVISION**

### **Quick Revision**

#### **Module 1: Constitutional Foundations and the Preamble**

Historical background, Constituent Assembly, constitutionalism, Preamble, salient features and citizenship.

- Match each topic to CO1.
- Redraw or rehearse one key method.
- Check one common mistake/precaution.

#### **Module 2: Rights, Duties and Constitutional Remedies**

Fundamental rights, reasonable restrictions, directive principles, fundamental duties, remedies and civic responsibility.

- Match each topic to CO2.
- Redraw or rehearse one key method.

- Check one common mistake/precaution.

### Module 3: Union, State and Local Government

Federalism, Centre-State relations, Union executive/Parliament, State executive/legislature and grassroots democracy.

- Match each topic to CO3.
- Redraw or rehearse one key method.
- Check one common mistake/precaution.

### Module 4: Democratic Accountability and Constitutional Change

Legislature, executive, judiciary, judicial review, elections, checks and balances and constitutional amendment.

- Match each topic to CO4.
- Redraw or rehearse one key method.
- Check one common mistake/precaution.

**Common mistakes:** Writing an unlabelled diagram; ignoring units, polarity or conditions; treating a practical result as valid without observations; confusing a definition with an application; and omitting a safety precaution where the topic uses apparatus, current, heat, chemicals or tools.

**Exam checklist:** Read the command word; answer every part; draw clean labelled diagrams; use a clear calculation/procedure; state result with units or observation; and reserve two minutes for checking.

#### VOCABULARY

### Glossary

## Important terms from the syllabus

| Term / topic                                            | One-line meaning                                                                                                                                                                                           |
|---------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Making of the Constitution and the Constituent Assembly | The Constitution was framed through the Constituent Assembly in the transition to independent India.                                                                                                       |
| Preamble and constitutional values                      | The Preamble expresses the Constitution's foundational vision.                                                                                                                                             |
| Salient features, citizenship and constitutionalism     | A written Constitution, parliamentary system, federal features, independent judiciary, fundamental rights and democratic institutions are commonly used to describe the Indian constitutional arrangement. |
| Fundamental rights and equality                         | Fundamental rights protect important liberties and equality interests.                                                                                                                                     |
| Directive principles and fundamental duties             | Directive Principles of State Policy guide governance toward social and economic objectives, while Fundamental Duties articulate civic responsibilities.                                                   |
| Constitutional remedies and responsible civic action    | Constitutional remedies are mechanisms connected to enforcement of rights through constitutional institutions.                                                                                             |
| Federalism and Centre-State relations                   | Federalism distributes public authority between Union and State levels.                                                                                                                                    |
| Union and State institutions                            | At Union level, the President, Prime Minister and Council of Ministers, Parliament and Supreme Court have distinct constitutional roles.                                                                   |
| Local self-government and participation                 | Local government brings democratic decision-making closer to communities.                                                                                                                                  |
| Legislature, executive and separation of functions      | The legislature debates and makes laws within its constitutional role; the executive administers and implements policy; the judiciary interprets law and protects constitutional limits.                   |
| Judiciary and judicial review                           | The judiciary interprets law and resolves disputes through constitutional and legal processes.                                                                                                             |
| Elections, amendment and democratic responsibility      | Elections enable representation and accountability.                                                                                                                                                        |
